

055 / 050 Clair

Dental chair evolution

055/050 Clair dental chair

The unique, folding and extending legrest provides unrivalled comfort and maximum Patient and Operator access within a very compact footprint.

050 with Twin-articulating headrest

Folding and extending legrest safety feature ensures that the legrest retracts if contact is made with any object.

Hygienic, seamless upholstery on headrest, backrest and seat sections for optimum infection control.

Foldaway, detachable armrests

Lumbar support ensures comfort for a Patient during extended treatments.

Wheelchair access from either side of the chair is made possible by Clair chair's unique combination of an inclined chair and opened armrest.

Easy-clean, telescopic base

Folding and extending legrest enables the easiest Patient entry/exit via the front or either side of the Clair chair.

idealistic ergonomics :

Clair chair offers a very gentle welcome to any Patient entering the surgery and enables the most pleasant consultation position possible.

050 in consultation position

All-over smooth, easy-clean surfaces for best hygiene maintenance

055 with Power headrest

From an inclined position, the legrest is raised and then extended before the backrest lowers slowly. This ensures the Patient is fully supported in a comfortable position during chair movement.

Integrated foot control stalks for chair movements including two programmable presets, Last-Position memory and Auto-Return.

055 model includes a third stalk for the power headrest.

The telescopic base is a superior, elegant design solution for easy hygiene maintenance – smooth, white surfaces, with integrated foot controls.

Chair movements are synchronised and smooth, eliminating the anxiety and insecurity that is common among Patients. Lumbar support and the extending footrest provide sheer comfort for the Patient as the chair changes position.

Ultra-slim backrest improves Operator's working comfort.
